

downunderpix

Location: Edithburgh
Dates: 29th November - 1st December 2013
Contact: info@downunderpix.com
Mobile: 0419 819 083

Expect to see:
You should expect to see and photograph Leafy Sea Dragons, Anglerfish, Sea Horses, Blue Ring Octopus and (with some luck) Pyjama Squid

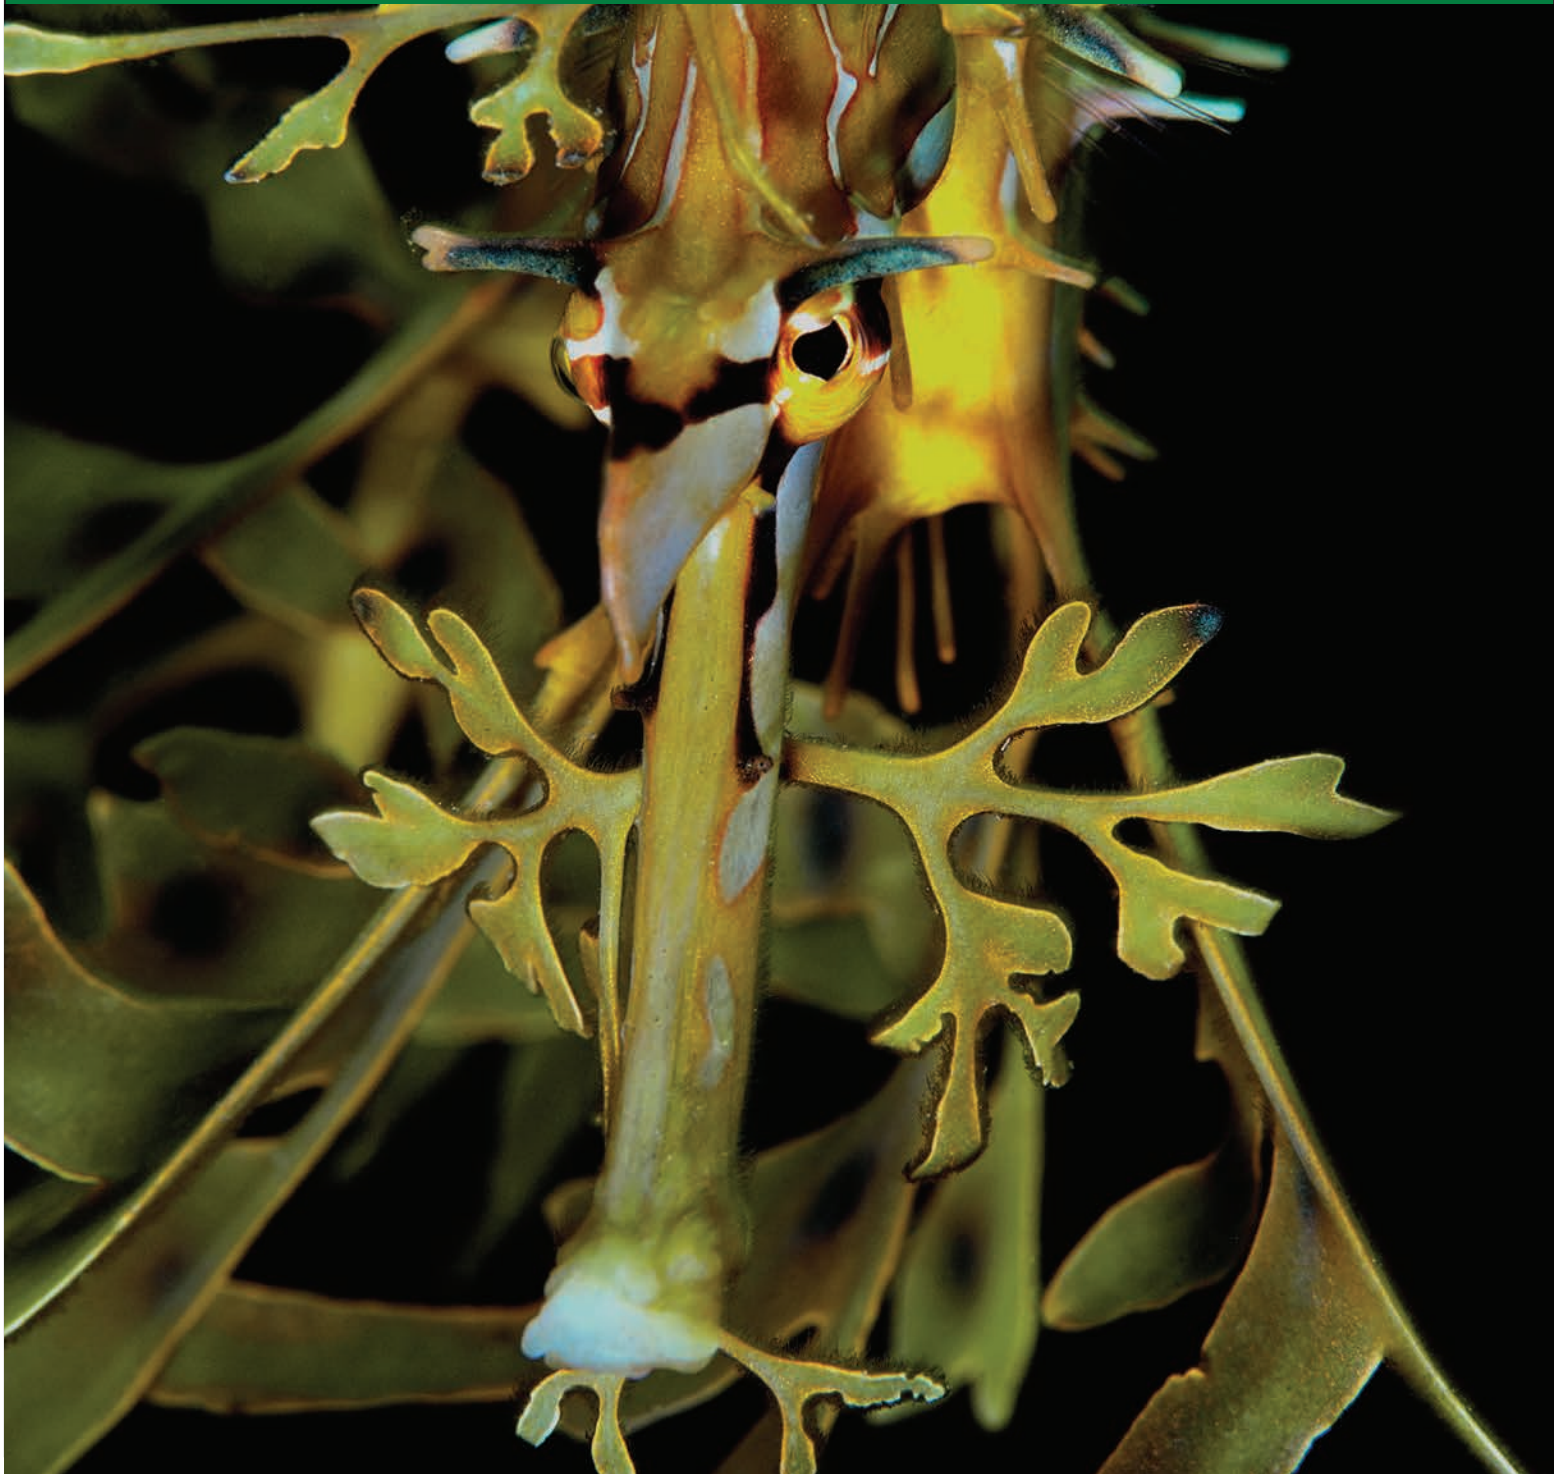

Lots of fun:
It will be a fun weekend full of diving, and all things cameras. Paul will be on hand to answer all your underwater photography questions.

Join our Pro staff:
Paul Macdonald will be running an underwater photography workshop weekend trip to Edithburgh on 1st to 3rd November.

Edithburgh - 29th November - 1st December 2013

Underwater Photography Course

downunderpix

Location: Edithburgh
Dates: 29th November - 1st December 2013
Contact: info@downunderpix.com
Mobile: 0419 819 083

Coloured Pylons
Whilst there is lots of debris and interesting stuff on the sand, stay in close to the jetty and check out the brightly coloured growth on the pylons

You should also see
pipe fish, nudibranchs, flat worms, decorator crabs, hermit crabs, old wives, moonlighters, cuttlefish, blennies, magpie perch, blue ring octopus, anglerfish

Night diving
The jetty is also a great and easy night dive. At night expect to see blue ringed octopus, shrimp and maybe even dumpling squid and pyjama squid.

Edithburgh - 29th November - 1st December 2013

Underwater Photography Course

Want to take great photos with your digital underwater camera? South Australian Underwater Photographer, Paul Macdonald will be running an underwater photography course in Edithburgh. Edithburgh is a magnificent location for easy shore based diving and completing your PADI Digital Underwater Photography

Saturday 30th November:

- 7.00 am Breakfast
- 8.30 am Knowledge Reviews
- 10.00 am Course Dive 1
- 12.00 pm Course Dive 2
- 1.30 pm Lunch (do your own thing)

weekend, 2 photography skills dives, a post dive workshop and lots of fun. At downunderpix we also include 2 practice dives following the course. The PADI Digital Underwater Photographer course helps student divers develop the knowledge, skills and practical techniques necessary to obtain excellent photographs with a digital camera. Section One of the course guides students in achieving good results easily. It is designed as an introduction to course skills and knowledge. Students learn what equipment they need to take great underwater photographs, how to prepare their underwater photo system, and basic underwater photo techniques while diving in an environmentally friendly manner. In Section Two students learn how to make their photographs even better. It covers what they need to know about file formats, resolution settings, making their images lighter or darker, getting good colour, composing their photo, downloading photographs into their computer and adjusting them to look their best. The likely itinerary is as follows:

- 2.30 pm Workshop
- 4.30 pm Free time
- 6.00 pm Dinner at pub (optional)
- 8.00 pm Optional Night Dive

Sunday 1st December:

- 7.30 am Breakfast
- 9.00 am Practice Dive 1
- 11.00 am Practice Dive 2
- 12.30 pm Depart Sultana Point Lodge

course. The cost of the course is \$375 and includes 2 course and 2 practice dives Edithburgh Jetty (plus an option for a recreational night dive), two nights accommodation at Sultana Point Lodge and Breakfast each morning. Non diving partners are also welcome at a cost of \$85. The course is very much hands on and involves reading the PADI Digital Underwater Photographer manual and completing the knowledge reviews prior to the

Friday 29th November:
6.30 pm Arrive Sultana Point Lodge

The weekend will be limited to the first 6 paid up underwater photography students.
