

## *Solomon Islands – Dive Munda*

# EXPLORE THE UNEXPLORED

Tour Leader - Paul Macdonald

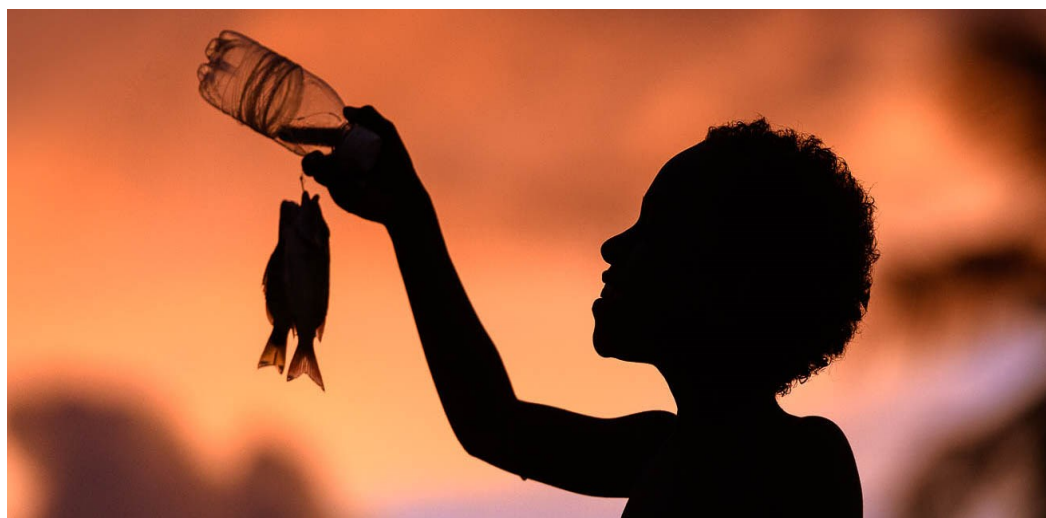

The Solomon Islands is an exotic wonderland of varied landscapes, rich in cultural and biological diversity. Munda is the perfect getaway for those looking to enjoy unique experiences and adventures in a remote destination less travelled by others. Peaceful, laid-back and off the beaten track, a trip to Munda provides visitors with an insight into the life of a Solomon Islander.

This island paradise sits between two stunning lagoons and is inevitably home to some spectacular dive sites. Munda's reefs are in pristine condition, with lush hard and soft corals and gigantic sea fans. Explore the breathtaking wall systems that plunge to over 600 metres. Here you will find some of the oceans' bigger inhabitants – mostly sharks and rays! When you manage to tear yourself away from admiring the areas' pelagics, you will find all kinds of critters hiding in the reef.

In addition to the reefs and abundant marine life, Munda's seabed is also littered with wrecks from WWII.

**Castaway Lagoon Resort** is a small hideaway just a 2 minute boat ride away from Munda jetty. There is a bar/restaurant serving meals and drinks. Land and water tours can be arranged at the resort.
